

**ROAD ATTRIBUTES AND VA**

Feature Name	Feature Type	Attribute Name	Attribute Code	Attribute Value
Road	Line	Inventory Date	InventDate	
		Road Type	RdType	Single Carriageway
				Dual Carriageway
				Service Road
		Road Number	RdNum	
		Road Name	RdName	
		Road Reserve	R_Reserve	
		Road Width	RdWid	
		Carriageway Width	CWWid	
		Carriageway Surface Type	CW Surf Type	Asphalt
				Surface Dressing
				Gravel
				Earth
				Concrete JT
				Concrete BL
				Concrete REIN
				Brick
				Set Stone
				Track
				Other
		Carriageway Surface Condition	CW Surf Cond	Excellent
				Good
				Fair
				Poor
				Very Poor
				Under Construction
		Road Usage	Road_Usage	Busy
				Used
				Rare
		Number of Lanes	NumLanes	
		Road Shoulder	Shoulder	Yes
				No
		Shoulder Material	ShouldMat	Paved
				Unpaved
		Shoulder Width	ShouldWid	
		Shoulder Condition	ShouldCond	Good
				Fair
				Poor
		Direction of travel	Direction	One Way
				Two Way
Speed Limit	Speed LT			
Drainage Type	DrainType	None		
		Lined		
		Unlined		
		Covered		
Location of drain	Loc Drain	One side		
		Both Sides		
Drainage Condition	DrainCond	Good		
		Fair		
		Poor		
Street Lighting	StLight	Yes		
		No		
Foot Path	FPath	Yes		
		No		
Location of foot path	Loc FPath	One Side		
		Both Sides		
Cycle Lane	CyLane	Yes		
		No		
Location of cycle lane	Loc CyLane	One Side		
		Both Sides		

		Road Median	Median	Yes
				No
		Median Type	MedianTyp	Crash Barrier
				Island
				Other
		Name of Sureyor	Surveyor	

**VALUES**

Data Type	Remark
Date	Inventory Date
String	Type of road
String	Road Number if known
String	Road Name if known (street name / settlement locator)
Number	Road Reserve width as measured
Number	Road width ( <b>earth roads</b> )
Number	Carriageway width ( <b>paved roads /engineered gravel roads</b> )
String	Carriageway Surface Type
	Jointed Concrete
	Concrete Blocks
	Reinforced Concrete
	Cobble stone road
	Unimproved road with tyre tracks visible
String	Visual condition rating as per the RICS Report 2010
String	Road with relatively high traffic inc. NMT (As per RICS Report)
	Moderately used road
	Rarely used
Number	Number of lanes
String	Does the road have a shoulder?
String	Type of shoulder material
Number	Shoulder Width
String	Visual shoulder condition rating
String	Direction of travel
Number	Speed Limit if known
String	Type of drainage
String	Location of drains if present
String	How well is the road drained?
String	Is Street Lighting provided?
String	Are foot paths provided?
String	Location of foot paths if present
String	Are cycle lanes provided?
String	Location of cycle lanes if present

String	Is there a road median?
String	Type of road median
String	Name of Surveyor logging data - Automatic
